VOL. 55, No. 7

Didsbury Legion Win Curling Shield

Eighteen Legion rinks representing the seven branches of Zone 3, took to the ice on Sunday to compete for the Zone Commander's Shield, eight prizes and a trophy prize.

Rinks were drawn from Olds, Sundre, Bowden, Didsbury, Cremona, Carstairs and Crossfield.

Three eight end games each were played and scored with one point given for each end taken, five points for a win and two points each for a tie. Scores were also kept, and if a tie in points resulted, the rink with the highest total score took top position. Three tie ups were worked out in the final standing for the prizes.

Results are as follows:
First, and winner of the Shield, Didsbury No. 3; second, Didsbury No. 4; third, Sundre No. 1; fourth, Didsbury No. 1; fifth, Cremona No. 2; sixth, Sundre No. 2; seventh, Bowden No. 1; eighth, Carstairs No. 1.

Taking home the prize for the lowest score was zone commander, Clarence Gogan from Olds.

This is the first time that Didsbury has held the shield, and the personnel of the Didsbury rinks in order of their standing is as follows: Didsbury No. 3 — Skip, Charlie Snyder, Kevin Shannon, Art Gooding, Cyril Brooke.

Didsbury No. 4 — Skip, Frank Kaufman, Alec Coulter, Gary Bogner, Sid Wilkins.

Didsbury No. 1 — Skip, Fred Evans, Harvey Gillrie, Joyce Mullen, Bill Cowan.

Didsbury No. 2 — Skip, Bill Perlinger, Harry Richardson, Bob Youngs, Wayne Wilkins.

The Ladies Auxiliary served meals and lunches during the day and did a landlady business. Comments were heard on the excellence of the meals, and the good condition of the ice, the one detriment being the slowness in starting, and the consequent lateness of the final draws. The last two teams came off the ice at 1 a.m. and prizes were then presented to the rinks still present at that time by the zone sports convener.

ZELLA NEWS NOTES

(From Our Own Correspondent)

Mrs. M. Knights and Mrs. T. Spooner were co-hostesses for ten tables of whist at a W.I. card party held at the Centre on Friday, Feb. 10th. Ladies first and consolation were won by Dave Jansen and Tony Spooner, both playing as Spades. Mens prizes went to Cliff Gibbs and Lyle Bolton respectively. Hostess prizes were won by Mrs. George McCreckan and Aylward Nelson.

Mrs. Bill Eggen and Mrs. Harold Braun will be co-hostesses for the next card party at the Community Centre on Wednesday, Feb. 22 with proceeds to go to the Community Club.

On Wednesday afternoon, Feb. 8th, seventeen ladies met at the Centre and completed two Red Cross quilts. W.I. ladies are reminded that the next meeting will be held at the Centre on Thursday afternoon, Feb. 16th.

Mr. and Mrs. H. Christensen and family were visitors at Kervissville on Sunday.

Sunday dinner guests at the home of Mr. and Mrs. Harold Braun were Mr. and Mrs. Bill Eggen and Mr. and Mrs. E. Waldford and family.

Mr. and Mrs. A. Waldford and sons were Sunday dinner guests of Mr. and Mrs. O. Kolstad.

A congregational meeting of the Zella United Church was held Tuesday evening with Rev. T. Anderson completing the evening with films. Mr. and Mrs. A. Oppen were hosts for three tables of cribbage Sunday evening.

Subscription Note:

Please pay out of town subscriptions by money order.
A red line under your name means your subscription is overdue.
A blue line means your subscription is coming due next month.

Program Completed For Ice Carnival

Didsbury Lions Club plan to hold their annual ice carnival on Saturday, Feb. 25, in the local memorial arena.

The usual costume and racing events will be held and this year the Lions are again fortunate in being able to have the Clarence skaters of Calgary as a feature attraction.

More details, as well as posters covering details of the entire evening's program, will be available this weekend.

Prospects Seem Bright For Natural Gas Here This Year

The following is a report which appeared in The Olds Gazette last week, covering the meeting held in the northern centre regarding the prospects of natural gas coverage for the areas mentioned:

Natural gas for cooking and heating in the homes and businesses of the town between Crossfield and Red Deer may be a reality before the end of 1956. A concrete proposal and a draft of a franchise was submitted to a meeting of the mayors of the municipalities concerned by E. C. McPherson of Canadian Western Natural Gas Co. in Olds on Monday Feb. 6 and the municipal representatives expressed the view that the suggestions were reasonable and without exception took the stand that they would recommend that the proposal be adopted by their villages and towns.

Accompanying Mr. McPherson were H. W. Francis, purchasing agent for the Gas Co. and Harold Timmins from the Calgary office.

The proposed rate of \$2.50 for the first 2 M.C.F. or less per month and \$1.00 for all additional gas is tentative and is based on the presumption that the Company can reach agreement with the Federal and Provincial governments. The proposed rate of units at the Penhold RCAF Station and the Bowden Institute as well as the Olds School of Agriculture and Home Economics. Basically the mayors agreed to recommend the proposal as presented but certain aspects will have to be negotiated. One of these is the problem of taxation.

When asked about the problem of converting present oil or gas equipment to the use of natural gas, Mr. McPherson replied that with very few exceptions equipment presently in use could be converted. Mr. Timmins said that the proposal finally tabled for the study by the mayors was actually the very first that the Company could come forward with and at the same time say that the Company was now ready to proceed immediately with construction.

One reason for the meeting of the mayors on Monday was given by Mr. Francis. He said that the Company had some expression of faith in the proposal, his department could proceed with the ordering of the material. Higher priority will be given to the ordering of the \$840,000 worth of transmission pipe that will be needed to bring gas from the Newell area of western Alberta. There will be 33 miles of 8 1/2 in. pipe; 27 miles of 6 in. pipe; 27 miles of 4 1/2 in. pipe and 14 miles of 3 1/2 in. pipe in the transmission system.

The actual system within the towns will take many more miles of pipe. Mr. Francis indicated that a very large picture of the location of this pipe could be obtained by multiplying the size of pipe by the number of miles and then multiplying this figure by 33. All pipe laid will be welded and wrapped. There is little doubt but that the cost of the system will be in excess of \$2,000,000 when finally completed.

The franchise submitted will be redrafted before being submitted to the ratepayers in the various towns for approval.

Representing Olds at the meeting (Continued on Page Three)

EAST NOTES

(From Our Own Correspondent)

The Lone Pine W. I. held a whist drive at Mrs. Ann Milne Saturday night, there were eight tables in play. First for the men was won by John Peterson. Consolation for men was Johnny Dyck. Ladies first, Mrs. Marguerite Nielsen and Mrs. Tindal consolation. The next whist drive will be held at Mrs. Patterson on Feb. 22. Everybody welcome.

Mr. and Mrs. Thomas Morris and family, Mr. and Mrs. Otto Blatter and Ralph were Saturday visitors with Mr. and Mrs. Peter Neufeld at Acme.

Stanley and Walter McCulloch were Saturday evening callers on the former brothers.

Mr. and Mrs. Ralph Heaton were recently visitors with Mr. and Mrs. Alfie Thompson.

Two of the local Midway rinks took top honors in curling last week. Congratulations are sent out to Mr. and Mrs. Brian Pace on the birth of a son, Brian and his family are living east.

Mr. and Mrs. Morris Charlerton and family were Friday supper guests of Mr. and Mrs. Albert Milne and Sharon.

There is going to be a social evening at the Crown school this week, Friday night. Anybody interested in this party come to the party.

Miss Betty Wamsley is visiting with her sister Mrs. Ronald Milne. Betty is going to university before very long to take up teaching. Good luck Betty at your profession.

SCHOOL CHILDREN GET UNSCHEDULED HOLIDAY

The weatherman came to the rescue of four primary grades at the local school on Wednesday when the young ones "escaped" for a day from their classrooms. Majority of pupils showed up for their studies, but were sent home because the heating system in the old school was unable to handle the 30 below zero temperature.

Repairs are being made, we understand.

South West Didsbury

(From Our Own Correspondent)

Nobody's moving much out this way, due to the present cold snap but we do know the birthday club will meet at the home of Mrs. Dale Kimmel on Friday, Feb. 17 at 2 p.m.

HAIL SUPPRESSION STILL IN THE NEWS

Mountain View Hail Suppression Association has been advised that the resolution forwarded to Edmonton by the body, regarding weather modification, has passed a government caucus.

The bill will be put forward at the present session of the legislature. Should the bill pass, a plebiscite will be necessary in areas concerned to allow municipalities to levy taxes for weather modification.

School Division Meets With Public

The joint annual meeting of the ratepayers of the Olds School Division No. 31 was held in the Didsbury High School Auditorium on Friday, February 11th.

Mr. F. Morris was appointed chairman of the meeting and carried out his duties in a most capable manner.

Mr. F. Morris, chairman of the board reported on the Hainstock building project explaining that two old schools had been put together and one new room added to accommodate 100 children from five surrounding districts. The school has a staff of 3 teachers.

Mr. Morris also made mention of the fact that all rural schools were now being painted in colors rather than cream and that pupils, parents and teachers appeared to be pleased with the change.

The chairman also advised the meeting that the first cheques had been mailed to cover the allowance to children who were forced to leave their home district to attend high school. He mentioned that it was felt that quite a number of children were now able to continue their studies who otherwise would have been forced to leave school because of financial difficulties.

Mr. X. P. Crispo gave his superintendents report. This report was a very comprehensive one which gave a very clear picture of the operation of the schools within the division. He mentioned that four scholarships had been won by students of the Olds School Division. Mr. Crispo expressed appreciation for the helpfulness of the school staffs, local school boards and to the divisional board who have given unstintingly of time and effort to the progressive work accomplished during the past year.

The secretary next read the financial statement and answered questions concerning the statement.

Next followed a question period. The questions were all pertinent and showed a very keen interest in the schools on the part of those taxpayers who attended the meeting.

Mrs. Frank Jackson moved a vote of commendation and appreciation of the work done by the trustees which resulted in a very successful year of operation in the Olds School Division.

"Pinafore" Sails Here Friday

Knox United Church Men's Club are presenting the Lacombe Choral Society in the two act Gilbert and Sullivan Mutual Comedy "H.M.S. Pinafore". This well known operetta will be staged in the High School Auditorium on Friday evening, Feb. 17, at 8:30 p.m.

In this production is a wealth of well known and well loved music, beautifully costumed for the occasion.

This should be a musical treat for the residents of Didsbury and district. Of local interest is the fact that Dr. Dalton Deadrick son of Mr. and Mrs. Arden Deadrick, is one of the principals in the cast.

Ramblers Improve Each Time Out

DIDSBURY 6 — GLEICHEN 2
Playing in an exhibition game here proved they can do better than they with the southern clubs when they played the Gleichen Gunners with a 6-2 defeat.

The score stood at 1-1 at the end of the first, the home team went in front 3-1 in the second and matched goals with the visitors in the final canto.

Scoring for Ramblers was Morris with two; Neufeld, Kreis, McCoy and Jackson were credited with singles.

The same, slated for Monday night, was cancelled due to weather conditions.

TROCHU 1 — DIDSBURY 6

Playing on even terms 0-0 until the dying minutes of the final period, Trochu finally denied the net to "sneak" out a close 1-0 decision with the "Reds" last Saturday night, at the home of the winners.

Details are not available to us at this time, but judging from the score it couldn't have been anything but a closely fought game.

Ramblers are scheduled to meet Carstairs here on Thursday night and the game that was to be played Saturday night at Red Deer was conceded to the Ramblers. However, there will be an exhibition game with Gleichen either at home or at Gleichen. Watch for the posters!

MELVIN WOMEN'S INSTITUTE HOLD INTERESTING MEETING

The Melvin W.I. met at the home of Mrs. August Krebs, February 5 with 16 members and five visitors present. After "Oh Canada" and repeating the creed, roll call was answered with a dime comic for the local hospital.

Five members who had perfect attendance for 1955 received a gift. A rest room for our town was discussed and approved by everyone.

"Doughnuts, aprons, sweaters and mits were judged. Mrs. Vance Shields, Mrs. Henry Fischer, Mrs. McEwen and Mrs. George Youngs were winners.

Telephone bridge and whist parties are being held with Mrs. Rita Gillrie high lady for bridge and Mr. Doug Johnston and Mrs. Ray McNaughton high for whist. A grand prize will be given for highs at the end of all the practices.

TODAY'S CHUCKLE

By the age of 50, one settles down into certain well-defined convictions, most of which are wrong.

Home & School Objectives Outlined By Prov. President

At a well attended meeting in the high school auditorium, Monday evening, Mrs. D. A. Hansen imparted a wealth of knowledge to the local Home & School Association. The theme of her address was centered around "Founder's Day" with the slogan "All children, our children."

Home & School was founded in Alberta in 1934; at the present time there are 500 H. & S. groups in Canada with every province represented. There are 500 H. & S. groups in Alberta alone.

Mrs. Hansen outlined the objectives, policies and achievements of Home & School. Last year, nine "Dr. Kirby memorial scholarships," valued at \$50 each and sponsored by the H. & S. were awarded in Alberta. Many of the current children's radio programs have been started mainly through Home & School.

The biggest aim of the association at the moment is the teacher recruitment drive. Enrollments in the Faculty of Education in Alberta are approximately the same as last year, with a slight increase in those days of 1954 and 1955.

Home & School was founded in the Faculty of Education in the elementary, one year program. While teacher enrollments remain

MOUNTAIN VIEW HEALTH UNIT

Salk Poliovirus Vaccine
Vaccinations are expected to start in March 1956. Inoculations will be given to the following children:
1. Those born 1954 and 1955.
2. Those at present in grades 1, 2, 3 and 4.
3. Those starting school in 1956.

If you want your children to be inoculated, please fill and sign the required form, which may be obtained at your child's school or from the Health Clinic, or from the Unit Office at Bowness or Didsbury.

M.D. 49 TO HOLD ANNUAL MEETING

Didsbury Opera theatre will be the scene of the annual meeting of the M.D. of Mountain View, starting at 1 p.m. Saturday, Feb. 18th.

Nominations will be received for councillors for divisions No. 1, 4 and 7, as well as for two hospital districts.

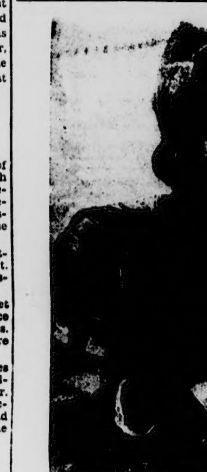

JOHN DEERE DAY WELL ATTENDED

Despite adverse weather conditions the John Deere program held here last Monday had a good turn-out at the 10 a.m. and 12 p.m. shows.

The program included a series of informative films including oddities in farming. New machines for 1956 were shown, such as the "10 Chopper," "Hay Conditioner," "21 Double Action Disc Harrow," and "80 Diesel 5-6 Plow Tractors."

Emphasis was given to service and valve checked for application to thoroughly recondition used tractors carrying a 60-day warranty.

The local dealer, Wm. Cowan, has completely renovated his place of business in order to keep up with the emphasis on service. Shop space has been increased and additions to the staff include Tony Flanicka and Ted Dugoford, two fully qualified and licensed men, and Ed Larsen, an apprentice. Jim Hooper, of course, has been with the owner since he took over here.

Mau-Mau leader Moaria Kanlu, who had been nick-named "Laid marshal" digs into his rations after capture in Kenya, Africa. He was one of two terrorist leaders arrested by police in a swamp.

Town Holds Annual Meeting

Approximately 25 interested ratepayers turned out in sub-zero weather Monday night to attend the annual meeting of the Town of Didsbury.

Chairman was Mayor Lynch-Staunton, who called on council members to give reports on various committees. Discussion took place on public works, roads and sidewalks, fire and police protection, library and the natural gas program as well as many other miscellaneous items.

The financial statement for the 1955 has been mailed to all ratepayers and those who were not present at the meeting, and require more information, can receive same by contacting the secretary at the town office.

Terms of two councillors expire this year, namely C. E. Reber and L. Deibel; on the hospital board George Thering and Alex Robertson have served their terms and the tenure of office of George Law and Lorne Clavien has expired on the school board.

Nomination day for positions mentioned is Monday, Feb. 20, from eleven o'clock in the forenoon until 12 o'clock noon.

WESTERDALE NEWS

(From Our Own Correspondent)

The February meeting of the Willing Workers was held at the home of Mrs. Alchoney last Wednesday afternoon with 15 members present. Roll call was answered with household hints.

Arrangements were made to hold a whist party on Feb. 20 at the home of Mr. and Mrs. J. P. Shrader.

A motion was passed to purchase six decks of cards; also a jar of cream to be used to prepare the men for the fashion show at the variety concert.

A suggestion was accepted that the club purchase six dozen plates, six dozen spoons and knives and forks for the hall kitchen and have two smaller tables constructed to replace the long one now in use.

The president requested that members please retain their seats until the meeting is adjourned to eliminate confusion during the meeting.

Mrs. P. J. Jackson conducted a valentine drawing contest; which was won by Mrs. S. Jackson.

The March 14 meeting will be held at the home of Mrs. H. Jackson.

The Young Peoples Club held a meeting at the hall last Monday evening, when a basket school in Florida. Mr. Lyle Bolton returned home last Monday from Longview, where he had been employed as a truck driver.

Highland Notes

(From Our Own Correspondent)

We are glad to report that Mrs. Admusen is feeling much better after being badly bruised by a pork that has been butchered.
Mr. Doug Brodie spent the weekend with Mr. and Mrs. Bob Moore and family.

The teacher and children at the Bergen school entertained their mothers with a valentine party Friday afternoon. A program and games were the order of the afternoon after which a valentine box was emptied of valentines, and a bounteous lunch was served to bring a lovely party to a close.

Mr. and Mrs. John Cooper visited at the George Admusen home Saturday evening.

Mrs. Ina Gumble now of Didsbury and formerly of this district attended the Fallen Timber Four-square church on Sunday, representing the Women's Temperance League.

Belated congratulations to Mr. and Mrs. Gordon Lyle on the birth of their baby daughter.

Mrs. Sigrid Erickson spent an afternoon recently visiting with Mrs. George Admusen.

Mrs. Solveig Clark visited at the Stringer home Sunday evening.

Self Discipline

A slave who had been freed after the American Civil War was pretty well down in the heels. One day he met his former owner. "Wouldn't you like to come back to me?" the owner asked. "Didn't you have a good home with me and better clothes and more security?" "Yes," said the former slave, "but there is a loose-ness about this here freedom that I like."

Most of us would go along with the slave — to some extent anyway. There is quite a lot of loose-ness in a democracy. That is because it is based on the worth of the individual. In theory at least each person in a democracy has a right to his own views, and to his own way of life. But a democracy couldn't function at all if everybody did that which was right in his own eyes with no regard to the rights of others. A lot of discipline is needed in a democracy, especially self discipline.

The writer was in Germany in 1927. There were five million unemployed, idleness was eating at the very heart of the nation. The people were in a way. There was moral degeneracy, juvenile delinquency and other attendant evils. Discipline had broken down.

He was back again in 1935 and on his first night in Berlin was awakened by singing and martial tramping. Thousands of young people, armed with hooks, rakes and shovels, were marching out to work in the fields, singing as they marched. The whole atmosphere had changed from 1927. The national spirit had been revived. Instead of depression there was exhilaration. But it was a discipline imposed from without. In time the results of this imposed discipline were that the whole nation became a mechanical robot to be moved about at the whim of one man. That is what happens when discipline is imposed arbitrarily by the state.

In a changing culture such as that which marks our day, if we are to avoid the degeneration of individualism or the compulsion of totalitarianism we need a new emphasis on self discipline. We must discipline ourselves; nobody can do it for us. This is a serious religious practice. That is why the Lenten season is so valuable. Lent is not just a time for practicing some little restrictions, doing without chocolates or cigarettes. It goes much deeper. It underscores the need for self discipline, in developing and sustaining a strong virtue democracy within or totalitarianism from without.

Without self discipline a democracy can go haywire; with it a nation's moral fibre is toughened to withstand degeneracy from within or totalitarianism from without.

Notes From D.A.

By Howard J. Fuleher

The Alberta Varietal Zonation Committee have published the recommended grain varieties for 1966. For this area Saunders and Thaler are the wheat varieties recommended. In the case of oats; Eagle, Laramie and Rodney, for barley Gateway, Olli, Vantage and Wolfe. These varieties have proven very satisfactory in this area.

However some varieties are more suited to certain farms and conditions by a short review of the features of each it would help to make a sound decision on variety you need.

Following is a list of some varieties and their main features. Laramie oats, very early, large plump kernels with little fibre, straw is fairly strong but does not yield as high as many other oat varieties. Eagle oats are high yielding, strong strawed, with good kernel type but in the late maturing group. Rodney oats are very large plump kernels, straw strength is fair, they are high yielding but late in maturing. Other varieties such as Abegweit and Beaver have a place. Carleton oats although not on the official recommended list in this area prove quite satisfactory being a fair yielding early oat, although perhaps not as early as Laramie, are faster maturing than Eagle.

Barley varieties this year bring two new varieties on the recommended list along with Olli the early maturing variety used in wild oat control, and Vantage the heavy yielding strong strawed feed variety. The two new varieties, Gateway and Wolfe, are both early maturing, smooth awned, feed types, both yield well. Wolfe barley is very strong in the straw strength, about 5 days later than Olli. Gateway is about the same time as Olli in maturity but is susceptible to loose smut. Now is the time to choose and secure seed supplies for this year.

CHRISTIAN SCIENCE

How greater intelligence and wisdom can be gained through scientific understanding of God, divine Mind, will be brought out at Christian Science service Sunday.

The Lesson-Sermon entitled "Mind" will include the following selection from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (128:4-11): "The term Science, properly understood, refers only to the laws of God and to His government of the universe, inclusive of man. From this it follows that business men and cultured scholars have found that Christian Science enhances their endurance and mental powers, enlarges their perception of character, gives them acuteness and comprehensiveness and an ability to exceed their ordinary capacity."

Also emphasizing the divine source of wisdom is the Golden Text from the King James Version of the Bible (Proverbs 2:6): "The Lord giveth wisdom: out of his mouth cometh knowledge and understanding."

Canada's famed Welland Canal was opened in 1932.

Fred Lands carries his wife from their California home as heavy runoff from torrential rains inundated their area. Meanwhile engineers keep eye and constant patrols on the

rising Feather River at Yuba City as other cities count fresh flow in losses. Major new damage was many more villages in the same area.

Gas Story

(Continued From Front Page)

was deputy mayor, Ralph Maybank while from Bowden was Mayor Bert Lockhart. Ken Remington as mayor represented Innisfail while Mayor Lynch-Staunton spoke for Didsbury. Everyone at the meeting voiced confidence that the proposal would be acceptable to ratepayers and that plans would proceed quickly now that something concrete had been offered.

The following is the rate proposal as submitted to Penhold, Innisfail, Bowden, Olli, Didsbury, Carstairs and Crossfield: —

General Rate

Availability — Available to all customers (Domestic, Commercial and Industrial).

Net Rate —

First M.C.F. or less per month \$2.50

All additional M.C.F. per month \$0.50 per MCF

Minimum monthly charge \$2.50

General Conditions —

1. When accounts are not paid on or before the due date the charge

per M.C.F. other than the first two M.C.F. shall be increased by 4c per M.C.F. and the Gross Rate so arrived at shall apply.

Commercial and Industrial Rate

Availability —

This schedule is available to all commercial and industrial customers using in excess of 3,350 M.C.F. per year.

Net Rate —

Fixed charge \$35.00 per mo.

plus

Commodity charge 38c per MCF

Minimum monthly charge \$35.00

General Conditions —

1. This schedule is available only on annual contract, which shall continue from year to year thereafter until either party shall give to the other party at least thirty day prior to the expiration of any such year, a written notice of desire to terminate same, whereupon at the expiration of such year, it shall cease and determine.

2. When accounts are not paid on or before the due date, the charge per M.C.F. shall be increased by 3c. The Gross Rate so arrived at shall then apply.

POPULAR FILM TO BE SHOWN AT REDEMER CHURCH

"The Unfinished Task," a feature length movie, motivated by the cross, throbbing with the heart of the Gospel, giving to all who see it new aspirations and new resolve to dedicate their all to Christ. Will be shown at Redemer Lutheran Church next Sunday evening, Feb. 19, beginning at 8:00 p.m. This is the latest film production of the Lutheran Church-Missouri Synod.

What should a young man do if he wants to enter the ministry, but his father strenuously objects, and his sweetheart gives him no encouragement? The irreconcilable conflict between father and son is aggravated when the son accepts a call to a distant foreign mission field. It takes another seven years — years of exciting and dramatic developments on the mission field — until the father understands the viewpoint of his son. And then comes the never to be forgotten climax of this absorbing story, hailed by Hollywood as the most ambitious movie production ever undertaken by a church body.

You have a date: Sunday evening, Feb. 19 beginning at 8:00 p.m. at Redemer Lutheran Church to see "The Unfinished Task."

One of Canada's worst disasters was a four-day Great Lakes storm in 1913 in which 3000 seamen drowned.

Ramblin' and Roamin'

It Happened Here —

On Friday many homes connected to the town water line went short of washes, shaves and the all-important morning cup of coffee. Seems the guardian of the pump, which is being repaired, suffered a slight relapse and allowed the tank to empty. By noon the supply had reached the point where residents were allowed a few drops from the tap. Better news next week we hope.

It Happened In Nevada —

The stunning red-head drove her car down the main street of Reno. The sign tacked to the back of the machine read: "Just Single."

It Happened In Italy —

One Canadian soldier said to another of his own breed: "Do you think the Royal Air Force would mind too much if we 'borrowed' this jeep to get back to camp after all they have lots of aeroplanes and we're a little late?" Result: The jeep made an unscheduled flight. The two soldiers involved did not spend the next few years in Africa digging ditches, as their commanding officer suggested. The jeep was returned — lend-lease won again.

It Happened Here —

The skip, who has failed to live up to his publicity releases, finally won a game last week. The consensus of opinion among those who should know: inferior competition.

It Happened In England —

The pub was crowded, the buzz bombs were buzzing and one aerial torpedo landed close enough to rattle the glassware in use at the time. The little old lady turned to a uniformed lad sitting next to her who was suffering a bad case of the jitters, and came out with the classic remark: "It's fortunate I had my glass in my hand just then, you know this beverage is rationed now."

It Hasn't Happened Yet —

A concrete plan as regards the development, improvements, etc., at the Westward Ho park. Money has been set aside by the municipal district, the government have suggested aid will be available. Let's get it planned now, the work can follow when the elements allow such ventures.

will, beyond all doubt, be a terrific demand for chicks and poults. Our bookings to date are much higher than last year at this time.

Breeding flocks are in beautiful shape. Our stock is the best we have ever had.

It Hasn't Happened Yet —

The system that will allow a housewife to prepare a hot meal for the clamorous clan and set vital vitamins on the table at a time that will satisfy all adherents of the screened magic.

It Hasn't Happened Yet —

A golf course that will survive all year 'round in our climate. Maybe the atomic age will aid in this direction but until then the adherents of the "hole-in-one" club will have to stay with the slippery game at the local ice palace.

By The Way

Contributed by

REV. T. J. STANTON, M.A.

"IT MIGHT BE..."

London, Ontario might be a clean, safe place for little girls, but is it? One morning in January 1960 in the bleak, bitter cold and darkness a little girl crawled into a lumber yard and died. She had been taken by some brute from her play the evening before. She had been kept somewhere during those terrible hours and then pushed out into the winter to freeze and die. When the little body was picked up there were tears frozen on the little cheeks. Just feeling angry about it will not make London or our own town what it might be. You know that sin is always the forerunner of every crime. Sin can be defeated. Crime does not need to be. Bad thinking always precedes bad actions. Whenever and wherever impure thinking is encouraged the seeds of crime are sown, and from such sowing the harvest of brutal deeds, murders and death sentences proceed.

One woman said of her husband. "He is a gentleman at heart. He hates work." It just might be that far too many of us are too gentle at heart when opportunities come our way, to blast the foundations of crime, by being real "soldiers of The Cross of Christ."

Before you can have beautiful roses in your garden you must have beautiful roses in your thoughts. Any person who is satisfied with an unclean mind, or with the general low standards of whatever form they may take, is a hindrance to what might be; namely somebody much better. Several years ago a man by the name of Mr. Hensen was working at the Dale Nurseries in Brampton, Ont. One day he told the manager he was leaving. The manager asked him a number of questions to which his answer was "These flowers are very pretty, but the orchid I can-

CAN'T SAY

A drunk happened to step out of a fifth story window. A crowd gathered to view the scene. Suddenly a policeman raced up to the poor drunk sprawled on the sidewalk. "What happened?" he inquired. The drunk looked up and said, "I don't know — I just got here."

manager said, "get some orchids, get as many as you want." Surely, thought the manager a fellow who thinks enough of these flowers that he would sooner leave a good job than work without them will be enthusiastic enough to sell them. Sell them, he did, the Brampton nurseries became famed for growing good orchids. Mr. Hensen thought orchids before he grew them. Anyone who thinks beauty can produce beauty, it is one of God's eternal laws: "As man thinketh in his heart so is he." Crimes are always committed in the heart first but so are all the noble actions and inspiring achievements that are so helpful and worthwhile.

An artist was working on his master canvas. He stepped back from his easel to see his work from a little not live without him." Then the different perspective. He bumped into a friend who was standing quietly looking on. The artist said "This is going to be my masterpiece, what do you think about it? The friend said "all I see is a great dull daub." Then said the artist "look at this canvas and see what is there. I look at it and see what might be."

Where there is no vision of better relationships and improved conditions our people perish. Because the only wage sin ever pays is death. The gift of God is eternal life. Can we not see what might be? Namely "All things new" a world where our children would not have to fear the beasts of the field, let alone being so brutally treated by those to whom they have a right to look for protection. "Even worms can be taught to turn." Christ died for our sins and that remedy is still effective.

LAZY ROOSTER...
Said one farmer to another: "I
have a rooster that is so lazy that
every morning, when the rooster on
the next farm crows, my rooster just
listens and nods his head in ap-
proval."

SERVICE
BOARD
NOTES

By
W. K. SNYDER
Agricultural
Service Board

1935 SEED SURVEY: Out of 1362
seed samples taken from 17 districts
following is a report on how these
seed samples graded. No. 1 seed
38%, No. 2 seed 11%, No. 3 seed 17%
and rejected seed 34%. The plant-
ing of seed rejected because of the
presence of weed seeds can not be
considered as good cropping practice.
Nothing good can be said for any-
one who will deliberately or otherwise
plant seed that is not properly clean-
ed and adequately treated against
smut. Now is the time of year when
many farmers are ready to prepare
their seed requirements for the
coming season.
It is impossible to overemphasize
the advantage of using clean, high
grade seed. A little extra precaution
used in the selection of properly
cleaned and treated seed is excellent
crop insurance. Municipal seed
cleaning plants, of which there are
now fifteen in Alberta, continue to
turn out the highest percentage of
grain cleaned to seed grade. These
plants reported that they cleaned
for 1934 seedling a total of 2,800,000
bushels of grain. Mountain View
does not have a Municipal Seed
Cleaning plant but there are several
good privately operated plants, per-
table units as well as other means of
seed cleaning so that there really is
no good reason why any farmer
should use seed on his farm that is
not properly cleaned and treated.

SCOUTS PARTICIPATION
REWARDING AVOCAION

Few avocations offer greater re-
turns in a sense of well-doing than
an active and energetic association
with the Boy Scout Movement. said
Jackson Dodds, CBE of Montreal,
Deputy Chief Scout of Canada, dur-
ing a luncheon meeting of the Rotary
Club Tuesday.

Quoting Socrates he said, "No
man goes about a more Godly pur-
pose than he who is mindful of his
own, but of the interests of others."
"I can find no other way to express
so well the whole purpose of my talk,"
he said.

"We have seen the growth of mil-
lions of youth groups under Nazi, Fas-
cist and Communist sponsorship. But
I venture to predict that long after
these organizations have become
nothing more than historical night-
mares, the Boy Scout movement will
continue to thrive and grow in in-
fluence and strength."

The plant in the field of youth
training, he said was Lord Baden-
Powell of Gilwell, the founder of the
Boy Scout Movement.

Next year we will be celebrating
the centennial of his birth, he said.
Lord Baden-Powell's father died
when the founder was three. Meet-
ing him without the guiding hand of
a father, Lord Baden-Powell devel-
oped a keen sense of independence and
a super-abundance of initiative, all of
which are fundamental to the Boy
Scout of today, Mr. Dodds said.

While he grew up he never forgot
the things which brought happiness
and an sense of achievement to his
youth, and thus he became one who
understood the inner desires and
yearnings of the boyish mind, the
ambitions, the cravings and the pit-
falls, he said.

"No movement can exist on good-
will and respect alone," Mr. Dodds
remarked. It must have, in addition,
a large body of dedicated men and
women who are willing to sacrifice
time and energy to train themselves
for the task and to realize they are
serving their country and the world
in providing leadership for Canadian
boys.

"I am not suggesting all men are
cut out to be scoutmasters. But in
scouting there are jobs for all, on
group committees, district councils,
as instructors and examiners, and
other capacities, and few of us can-
not fit into one or more of these
functions," he said.

"If it is your desire to make some
contribution to the development of
good citizenship in Canadian youth:
if it is your desire that the genera-
tion to follow you will be a genera-
tion of able dependable and God-fear-
ing men; if it is your desire that the
men of tomorrow will be worthy of the
heritage which is theirs; then I sug-
gest to you that you affiliate in some
way with the Boy Scouts Association
in assuring this desirable end."

Squirrel Cage...

HE IS NOW
The old mountaineer knocked at the
door of the village doctor. When the
old doctor opened the door, the
mountaineer peered inside, saying
"Hey, doc, see what you can do for
my son-in-law. We've had a fight."
The doctor took one look at the
bedraggled specimen leaning against
the old man.
"Why, the lad's in terrible shape,"
the doctor exclaimed. "You should be
ashamed of yourself, beating up your
own son-in-law like that."
"W-a-a-l, doc," drawled the old

Big Break For
Municipalities

Details of the provincial govern-
ment's proposed municipal finance
corporation won't be known until the
appropriate legislation is introduced,
but the general idea of the scheme as
outlined by the provincial treasurer is
an excellent one. We predict that this
will set a pattern which every pro-
vince in Canada will quickly follow,
and that municipalities will thereby
win a completely new deal in con-
nection with their borrowings.
The Alberta government enjoys
capital revenues much in excess of
other provinces, relatively speaking.
What does it do with this money?
It builds roads, bridges and other
public works with some of it. It
makes outright grants to municipal
authorities for such things as schools
and hospitals with some of it. And
the rest it has been loaning at low
rates to the municipal and school
governments and other bodies for
their undertakings, enabling them to
construct these things without bor-
rowing any money on the open mar-
ket.

It is not generally appreciated that
the money has been going out even
faster than it has been coming in.
Last year, for instance, the outlay in
capital works, grants and loans was
some \$40,000,000 in excess of intake,
including the lush oil revenue. That
deficit had to come out of reserves
built up in previous years. Alberta
is the only province where munici-
palities have had (a) such a fair sys-
tem of grants, and (b) the opportunity
for low-interest loans from their
own provincial government. But
changes have to be made. The
province's money is running out. The
municipalities have to borrow more
than the province can lend them.

But the provincial government
doesn't want to turn them loose on
the open market again, where they
would be in competition with each
other and with many other hopeful
borrowers and where they would
have to pay higher interest rates.
So this is the proposition: A new
"corporation" will be set up to handle
all municipal borrowing. It will bor-
row money on the market and in
turn lend it to the municipalities.

Presumably the corporation will
sell bonds. These will be guaran-
teed by the provincial government,
and therefore the corporation will
enjoy the same credit rating as the
government itself. The Alberta gov-
ernment hasn't borrowed money for
a long while, but if it did it would get
quite a low interest rate, perhaps a
full 1 per cent less than some other
provinces or the municipalities.

In turn the corporation would take
up the bonds of the Alberta munici-
palities. It would lend them at cost
all the money they needed to bor-
row for capital undertakings. They
would have the benefit of the pro-
vincial government's credit and would
save perhaps 1 per cent per
annum. They wouldn't need to go
on the open market at all.

The provincial government itself
would probably invest surplus funds
in the corporation and thereby con-
tribute to the limit of its ability the
assistance it is giving directly now.

Further, this would give Alberta
people a better secured means of in-
vesting in the future of their own
province, for they would have the
same opportunities as outside invest-
ors for acquiring the corporation's
bonds.

If a scheme like this is needed in
Alberta, how much more is it needed
in other provinces where a much
greater part of the municipal capital
expenditures must be financed on
the open market? That's why we
predict it will soon be copied by the
other provinces.

It has been stated frequently that
the municipalities are the creatures
of the provincial government and it
is the government's duty to see they
fourish. The new measure proposed
by Mr. Hinman, the provincial treas-
urer, is further evidence that the
government appreciates its respon-
sibility.

— Calgary Albertan

man, "Ye see he warn't my son-in-
law then."

VOICE OF EXPERIENCE

Some travellers were looking at the
mitten faces inside Mt. Veuvius.

An American remarked, "Looks hot
as hell."

An Englishman raised his eyebrows
and said to the guide, "Gad! These
Americans have been everywhere!"

FOOL PROOF

A visitor who was being shown over
a lunatic asylum inquired of his
guide what method was employed to
discover when the inmates were suf-
ficiently recovered to be discharged.

"Well," replied he, "you see, it's
this way. We have a big trough of
water and we turn on the tap. We
leave it running and tell them to
bail out the water with pails until
they have emptied the trough."

"How does that prove it?"
"Well," said the guide, "the ones
who aren't crazy will turn off the
tap."

Canada has some 1,340 power
candies, dry cleaning and drying
plants with annual receipts of some
\$13,150,000.

LIGHT YOUR WAY WITH BIBLE STUDY

For hundreds of years the Christian church has set aside the six weeks before Easter and has designated them "the Lenten season." The purpose of this special season is to give Christians an opportunity to recall the consequences of sin and the assurance of redemption. It provides the Christian churches with an opportunity to tell the unchurched residents of their communities of the central fact of the Christian faith — the death of the Son of God to atone for the sins of the world.

The message of Lent is to Christianity what a spring is to a watch, what a motor is to a car. Take the message of Christ's life and death out of the Christian religion and you have a worthless shell. The message of Lent is still the message of Paul: "Christ died for our sins according to the Scriptures."

During these weeks thousands of churches are bringing this fundamental Bible fact into sharp focus. As your church holds before you, Jesus Christ, the Savior of the world may the message of Lent enter your heart so that you can say:

"He gave His life for me,
His precious blood was shed,
That I might ransom be
And quickened from the dead."

Beauty is sometimes only skin deep.

Karen Ann McGuire, of Valhalla, N.Y., admires "Hanover's Wishing Star," a chestnut gelding bought for her by bank officials who were touched by her letter when she of- was shot when mistaken for a prov- ferred her savings, \$24.03, for Nashua for on the estate.

Suggested Health Program Draws Interest . . .

It is a simple but shocking truth that we know much more about health protection than we apply individually or collectively.

We could live longer and enjoy life more fully if only we were interested enough to care for our bodies in ways made available to us by science. For reasons that cannot be associated with complete sanity we brush off suggestions that we should let a doctor examine us, or take time off to relax, or even give a little thought to our habits of life: habits that may be rushing us toward premature graves.

Business executives are probably among the foremost in recognizing that a man is only in his best position to exercise judgement when he is feeling his best physically. That is probably why business people are among the sturdiest supporters of health.

Some confusion exists between the terms "public health" and "medical service." Public health is the science and the art of preventing disease, prolonging life, and promoting physical and mental health and efficiency through organized community efforts. These include sanitation of the environment, the control of community infections, the education of the individual in prin-

ciples of personal hygiene, the organization of medical and nursing service for the early diagnosis and preventive treatment of disease, and the development of the social machinery which will ensure to every individual in the community a standard of living adequate for the maintenance of health. This is a widely accepted definition given by Professor C. E. Winslow in "Science."

The Provincial Responsibility

All the provinces have well-organized health services staffed by highly qualified personnel.

Health services in the provinces commonly include central planning, the operation of special programmes affecting the whole province, such as research in cancer, mental health and tuberculosis, and the provision of laboratory service. The provinces make consultative service available to local authorities; they administer regulations governing local services; they provide basic services in areas where there is no municipal organization; they work closely with the provincial education departments with respect to school children's health and with departments of agriculture regarding the control of animal diseases that may be carried to man by meat or milk.

Visitors to the parliament building in Fredericton may witness a commemorative important event: the appointment in New Brunswick of the first Minister of Health in the British Empire. That example was followed in England and in other parts of the world, raising public health to new importance and efficiency.

The first public health laboratory in North America was established in Ontario in 1880, and today all the provinces operate laboratory services and immunization centres. Ontario, which had a part-time secretary looking after the province's health on a budget of \$4,000 in 1882, now has more than 5,000 civil servants in the department of health (4,500 of whom are employed in mental hospitals) and the annual expenditure is about \$40 million.

Municipal Activity

The purpose of a local health department may be summarized in this way: to apply the sciences of preventive medicine, prevent disease, develop a healthy population, and safeguard life at all ages so that the optimum of longevity may be attained. Duties within this broad assignment include collection of vital statistics; provision of good sanitation; and seeing to it that cases of certain infectious diseases are isolated and placed under treatment.

In public health language "sanitation" means control of the conditions of the physical environment of man so that he can carry on his life at home, at work, and at play without hazard to his own or his neighbor's health. This includes the protection of the source, processing, and distribution of water and foods, especially milk and milk products, against contamination or pollution; the disposal of man's personal and industrial wastes; control of insects, vermin, and animals capable of causing or spreading disease in the human being; the cleanliness of the air; the conditions of employment where irritating or poisonous materials are a by-product of the work; elimination of noise that interferes with rest and comfort; abatement of public nuisances.

Forward-looking persons are now seeking to improve local health services in interesting as well as in breadth of coverage. It is becoming generally accepted that local health officers should be full-time workers for the public health of the area they serve, and should have special training in preventive medicine and hygiene.

This ideal is being realized in some provinces by the establishment of local health units, first started in the province of Quebec in 1926. A health unit is a union of urban and rural municipalities for the purpose of providing a more efficient sustained community health programme, carried out by full-time qualified personnel. Some units serve a county, others embrace a city and its suburbs.

Federal Health Services

The federal health services seek to keep disease out of Canada, to ensure that the country's food, drugs and medicines are safe, and to maintain an environment free from preventable health hazards. These services are administered by the Department of National Health and Welfare.

One section of the Department is charged with making sure that food sold in Canada is pure, clean and wholesome, and that drugs made available here may be used safely for the purposes for which they are recommended. It controls the manufacturing, labelling, advertising and merchandising of proprietary or patent medicines.

DISTRICT NEWS**M.V.B.C. NEWS**

(From Our Own Correspondent)

This last weekend has been a very busy time at the College. Over one hundred young people from the various church congregations of the United Missionary Church in Alberta came to the College for a Youth Fellowship Convention. On Friday afternoon the students were busy setting up beds and cots in rooms, class rooms, apartments, and whenever there was room. Mrs. Maynard Snyder and Mrs. Arthur Kay assisted in the kitchen, for each meal the dining room was crowded to capacity. A schedule comparable to that of school life was set up and the young people tried hard to fall into line under the instruction of the leader, Rev. W. Swaim, Youth Director for the Conference. Each day was full to capacity. The services began on Friday evening and Rev. Ray Panabaker of Goshen, Indiana brought the first message to the youth who crowded the church to capacity for each service. On Saturday morning David Archer, President of the Juniors of the College, with nine members, had set up a forenoon program so that each age group had chapel, were taught by one member of the faculty, and had a taste of what the music department presents to students. President Taylor addressed the entire group in the chapel at the close of this period. On Saturday evening the entire group met for a fellowship supper in the dining room. Reports from the individual groups were given, and a great number in music were presented. Sunday closed the convention. Rev. Panabaker addressed the entire group of young people during the Sunday school period as he taught the lesson. It was a time of real fellowship and inspiration. The reorganization resulted in Ormand Sherrick selected once more for the position of Vice-Director of the Youth Fellowship of the Conference. Miss Phyllis Traub is secretary-treasurer, and Mr. Taylor and Roy Coates as members of the committee.

On Tuesday of this week the Board of Directors met in the College to consider the affairs of the school and make the appointments for the faculty for the coming year. We shall report the results next week. The Board now consists of what was formerly the Board of Trustees and the Board of Directors. Out of this group an executive board is chosen and functions during the year as such. Miss Gretie Anderson has been a guest of the College for the past several days left for her home in Denmark on Tuesday afternoon. On the way to the east coast she will speak in a number of Colleges and school on the work of the Oriental Missionary Society under which she will do missionary work in India. She took a number of chapel while here, giving challenging messages to the students.

No classes were held Monday morning because of the clean-up necessary after the convention. It was interesting to watch them scrub, clean, move beds, etc. with good will and cheerful countenances. We do have a remarkable group of young folk and among them are those who will go far in the leadership of the church of the future. They take responsibility and carry it through with understanding and interest. We appreciate every one of them.

REDEEMER LADIES' AID HOLDS REGULAR MEETING

The regular meeting of Redeemer Ladies Aid was held February 9 in the church basement. The devotional period, conducted by Pastor Fox began with a hymn, reading of Psalm 1 and a prayer. With numerous scripture passages, the pastor then answered the question "What happens to our sins?" The repentant sinner has the comforting assurance that his sins, though blotted out forgiven, cast behind God's back.

Martha Esler reported that she had more Red Cross material on hand. The ladies were invited to gather at Mrs. Pieper's home to cut dresses for Red Cross on Friday.

It was decided to try a gypsy basket to raise money for the Aid. Annie Krebs volunteered to start it.

It was decided to take our own dollar and see what we can multiply it to for the Aid.

It was decided to have a box in the basement to hold any odds and ends that individuals may have at home. Members are to choose from this collection and make articles for sale. Mrs. Pieper volunteered to take care of this box and we are to get started at next meeting.

It was decided that a fellowship evening be held on March 4 beginning a 7 o'clock with a pot luck supper.

Mrs. Esler read the 5 minute talk prepared by Emma Folkman on first aid.

Husbands! Wives!**Weak, Run-down, Old?**

Thousands of couples are weak, tired, lack energy and pep, they feel rundown, old, lack vitality, and are not enjoying life. Dr. Otto Tonic Tablets will supply the missing ingredients, energize and build-up entire body. Feel younger. "Get acquainted" with this little, or start with big, popular "Economy" size and save 25¢. At all drug stores.

CREMONA NEWS

(From Our Own Correspondent)

The group committee of the Cremona cubs and scouts wish to extend to the district a hearty thank you for the support February 10th. The group cleared one hundred and thirty-one dollars. We (the people) enjoyed the show and the producers of the candy and pie get an A-1 rating.

Home and School on Wednesday, February 9 was the scene of a very interesting discussion on child discipline. A committee from the Home and School attended a school board meeting in Didsbury earlier in the afternoon. They reported back that prospects for a new school in Cremona in 1967 were excellent. Since the school is overcrowded this will be an ideal solution. The town ladies served lunch.

Bruce Hewitt is in Edmonton hospitalized again with his back. Apparently since the cast has been removed new troubles have developed.

The Cremona sewing circle are hearty supporters of charity causes. They have sent \$100.00 to the Crippled Children's hospital. Good going ladies. The C.O.I.T. Girls group held their initiation service last Monday evening, February 6. There were 15 girls initiated. The parents and families of the girls were invited. The ceremony was lovely and the less formal initiation downstairs following the more formal ceremony was hilarious.

Pauline Mork had a good stunt to perform, a tin plate on her head, a ball between her knees and carrying an umbrella, she had to walk the length of the hall. Beverly Dunphy and Lucille Young, made us laugh heartily and Mrs. Lane with a baby bottle and a chair really brought down the house. The girls served a delightful lunch at the close of the evening. Thank you to the girls and their leaders for a delightful evening.

Mrs. Mickey Carle has just returned home from a three week vacation. Mrs. W. J. Rodgers is seriously ill in Calgary we understand. She is in the Holy Cross Hospital.

Mr. and Mrs. J. McElin, Mr. and Mrs. D. McElin, Donna and Bernice returned home this week.

Debby Rodway has been keeping her folks busy this past week. She has been suffering from tonsillitis and since she can't sleep. She likes them to keep her company. We hope you are feeling better Debby.

Donnie Bird is in the Didsbury Hospital with a broken foot. He was going downstairs at school last week when he slipped and broke three bones in his foot.

Allen Hettinger injured his back awhile ago. He takes treatments every day at Didsbury as he has injured or strained a muscle. Allen can't play hockey, he can't skate or play ball in fact he has been forbidden to run for awhile. Rough going, eh?

The Midget hockey team lost two players when Donnie Bird hit his foot. Allen Bird's injury has been replaced by Bernie McArthur and Neil Young both on defence.

SPRINGSIDE NOTES

(From Our Own Correspondent)

Saturday evening friends and relations gathered at the Springside school to bid farewell to Mr. and Mrs. Raymond Fischer who are making their new home at Rocky Mountain House. Games were enjoyed and musical numbers were presented by Miss Lois Klein, piano.

Mr. Verne Wrigglesworth, saxophone, and Mrs. Reuben Rodney the accordion. A reading was given by Mrs. Lloyd Kershaw and amusing recitations by Verne Wrigglesworth.

The game of twenty questions, under the leadership of Mrs. Lloyd Chandler, was very much enjoyed. A short time of dancing was spent with Mrs. Reuben Rodney and Billie Morton providing the music and Mr. Russell Christie calling the square dances.

A delicious lunch was served after which a gift of money with the best wishes of everyone present was presented to Wilma and Raymond by Mr. Vance Shields. We wish you every success in your new job as forest ranger and will miss you, Wilma and Raymond.

Mr. and Mrs. Jack Tobler of Medicine Hat were Tuesday visitors with Mr. and Mrs. Andy Tobler and family.

Miss Mary Thelen of Rosemary spent Thursday and Friday with her sister Mrs. Jake Heidebrecht.

We are sorry to report that Mrs. Arthur Chamberlain has been confined to the hospital. We wish her a speedy recovery.

Mrs. Bill Collins had as supper guests Wednesday evening, Mr. and Mrs. Innes, Mr. and Mrs. Peterson and Jim. Mr. and Mrs. Verne Wrigglesworth and Mr. and Mrs. Roeth and Allen.

Mr. and Mrs. Andy Tobler and Ervin were Calgary visitors Tuesday. Mr. and Mrs. Jake Heidebrecht held their sister's Saturday. Mr. Heidebrecht's mother and Mr. and Mrs. C. Heidebrecht of Red Deer.

Mr. and Mrs. Lloyd Kershaw and Marion were Tuesday evening guests of Mr. and Mrs. Eugene LeClaire.

In the high school curling RITA Rodney's team won the fourth and second event. Jack Collings won first in the second event.

Little Items of Local Interest

Mr. and Mrs. Lloyd Fischer, Jane and Dale and Mrs. Spurrel were guests to a good dinner to Mr. and Mrs. John Kershaw on Sunday, Feb. 9.

Mr. George Thring is in Edmonton this week to attend the annual conference of V.L.A. supervisors and regional superintendents.

Mrs. E. Ranton is visiting in Edmonton this week with her daughter, Miss Florence Chamberlain.

Miss Marlene Vipond has accepted position at the Royal bank here.

Mrs. Albert Newton was made aware last week of the value of Pioneer classifieds when a small ad in the great family journal was responsible for the return of a diamond ring she had lost.

Mr. D. Foote, Canadian consul at Seattle, passed through town last week and renewed old acquaintances. He was en route to Lacombe to visit with his parents. Mr. Foote took his high school training here some years ago.

Mrs. J. Fraser and family and Miss Sheila Sullivan spent a few days last week with the former's parents, Mr. and Mrs. O. H. Burke.

Mr. G. Maddaugh of Lethbridge and Mrs. E. Bird of Eagle Hill spent last weekend at the home of their mother Mrs. W. H. McGaffin.

Mrs. W. H. McGaffin celebrated her 80th birthday February 11, and those dropping in to wish her many happy returns over the weekend were Mr. and Mrs. John Howden, Mr. and Mrs. J. H. Cooper, Mr. and Mrs. Harry McGaffin, Terry and Sandra, Mrs. Lily McGaffin, Mrs. O. Moore, Mr. and Mrs. C. B. Moore, Mr. and Mrs. Joe McGaffin.

Sunday evening a number gathered at the home of Mr. and Mrs. W. H. McGaffin to view several movie pictures on Wildlife, Yellowstone Park and the opening of the new Pallen Timber Poursquare Church.

WESTCOTT NEWS

(From Our Own Correspondent)

On Friday evening of last week the Westcott Women's Institute held an evening of entertainment in the Westcott school, having arranged for Miss Betty Reider of Carstairs to show slides of her trip to the United Nations at New York. Mr. Raymond Shantz acted as Master of Ceremonies.

The evening's entertainment commenced with O Canada and community singing, led by Mr. Jack Robertson, with Mrs. Gordon Ford doing the accompanying at the piano. Then the slides were shown by Miss Reider, interspersed with comments on her trip and how she had obtained this honor of being one of the students from Alberta to go on this tour.

This was followed by a short program: Miss Fern Eckstrand with a piano solo, beautifully done, rousing and encore, Mr. Alex Robertson sang a couple of Irish numbers, followed by an instrumental by Miss Beverley Eckstrand. Mrs. Herbert Goetjen gave a vocal solo and Mr. Jack Robertson did likewise, singing two numbers as only he can do them.

Mr. and Mrs. Clara Eckstrand did a skit with some help from the audience, creating much fun and laughter. To complete the program a contest was given on advertisements in which all were able to move around and take part, thus mixing up the crowd making for a better time socially. This contest incidentally was won by Westcott's teacher, Mrs. Allen Korschuch.

To close the program "God Save the Queen" was sung and lunch was then served by the W. I. group in charge and a social hour followed.

Mr. and Mrs. Clarence Larson and family and Mrs. K. Goetjen, spent the weekend with their parents, Mr. and Mrs. Fred Goetjen on Sunday.

Mr. Leslie Goetjen and Mr. and Mrs. Ken Cird and baby son, Kim, of Calgary, spent the weekend with their parents, Mr. and Mrs. Herbert Goetjen. Kim is remaining with his grandparents while his parents take a short business trip.

Best wishes for the future are extended to Miss Marlene Vipond who has accepted a position in the local bank in town.

Mr. Howard Robertson was home at the weekend from Calgary, where he attends school.

Mr. and Mrs. Don Reddard and daughter of Calgary spent the weekend visiting here with relatives.

Best wishes are extended to Bruce Smith, who is undergoing a under doctor's care again. Bruce has not been well for some time.

BERGEN NOTES

(From Our Own Correspondent)

A number of the mothers of Mrs. Javoron's grade one to six pupils enjoyed a Valentine party at the school on Friday afternoon.

Each of the children sang or recited after which games and contests were enjoyed.

A bounteous lunch brought a pleasant afternoon to a close.

The Mission Circle of the United Missionary Church met at the home of Mrs. C. J. Hallman on Thursday afternoon.

Several local young people attended the youth convention in Didsbury over the weekend.

Mrs. Pucell Blain has been confined to bed for several weeks with a bad case of the flu.

Wesley Haug returned from Edmonton where he recently underwent a medical examination.

We are pleased to hear that there has been some improvement in the condition of Lorry Davidson.

Mrs. A. Norquay entertained the ladies community club on Wednesday afternoon.

Miss Leone Wiens paid a brief visit to her home here on Saturday.

Rev. and Mrs. Walter Gamble and family expect to leave for Barryton where they will hold a week of special meetings.

Several local men are at present employed at the oil field in the westward Ho district east of Bergen.

The Hi Tower, Cascade, Commonwealth and Shell companies have derricks up and according to all reports this is just a beginning.

TAIN'T GOOD ! ! !

"I understand he drinks something awful."

"He sure does. I've tasted it."

WEST NOTES

(From Our Own Correspondent)

The Elktion Willing Workers met at the home of Mrs. Arnold Blain Wednesday of last week. A quantity of used clothing was turned in and a nice coffee was quitted all to be packed by Mrs. C. Byrt and Mrs. A. L. Hogg to be sent to Korea for relief.

Twelve dollars was voted towards prizes for the Elktion ladies bazaar, this being their first attempt. Ten dollars was cleared at the social evening and there will be another one in March if possible the 18th. This is to take the form of a variety program. Hostesses are Mrs. P. Herbert and Mrs. G. Befus.

Twenty dollars was sent to the cancer fund and Mrs. H. Eklston is to attend the cancer workshop for one day, Feb. 18th. Lunch was served and the next meeting will be held at the home of Mrs. C. Byrt.

The Elktion rink consists of Messrs. Arnold Hogg, G. Befus, R. Befus and A. L. Hogg who went to the Maddenspiel and returned with the 2nd prize in the 2nd event being beautiful TV lamps and the latter also won a prize in the Legionspiel in Didsbury on Sunday, playing with a Cremona team.

Mr. and Mrs. R. Befus were Calgary visitors on Sunday.

Mr. and Mrs. V. Sundin of Sundre visited with Mr. and Mrs. E. W. Lowrie on Sunday, when they came down to get their two boys who had been staying with their grandparents for a couple of days.

Sorry to hear that Mrs. Albert Krebs isn't so well and is to be a patient at the University hospital in Edmonton, all the best LaRue.

Keith Krebs had the misfortune to fall on Sunday and hurt his arm quite severely.

BIRTHS AT DIDSBURY MUNICIPAL HOSPITAL

To Mr. and Mrs. Gordon Wilson, Cremona, on Feb. 12, a daughter.

CARD OF THANKS

We would like to express appreciation to our many friends for their remembrance of us during our bereavement; Also a special thanks to Dr. McKenale.

MRS. KATHERINA NEUFELD AND FAMILY

LOVE FINE W.I.

TO HOLD CARD PARTY

The Love Fine W. I. met at the home of Mrs. Owen Milne, February 8 with 16 members and six visitors present. Roll call was answered by my favorite hobby, Mrs. Allan Hughes was elected to attend the conference in Calgary on March 7 and 8. Mrs. Ray Blyth to attend the cancer workshop in Calgary on February 23. A whist drive was planned for 11 of February at the home of Mrs. Owen Milne. It was decided to hold a dance at Love Fine hall on March 16. Mrs. J. Underhay gave a paper on handicraft. The ten cent draw netted \$2.50 and prize won by grandma Nielson, a visitor.

Perfect attendance gifts were given to Mrs. A. Patterson, Mrs. Owen Milne, Miss Merle Siebert, and Mrs. Schneider. The contest given by Mrs. R. Milne was won by Mrs. A. Hughes.

Miss Arlene Nelson of Red Deer then gave a demonstration on huck-weaving which was enjoyed by all. A very enjoyable meeting then came to a close by singing "God Save the Queen."

Next meeting is to be held on March 14 at the home of Miss Merle Siebert.

Next card party to be held at the home of Mrs. A. Patterson, Feb. 22 with Mrs. H. Nielson as a co-hostess and everybody is welcome.
